Notes: Program notes	Cover HCBS only. Must be elderly or a disabled adult (at least 18 years of age), meet Nursing Facility Level of Care (NFLOC), and require supports coordination and at least one additional waiver service to qualify. *Attestation is not required, but some plans do this voluntarily.	Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients. The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage, and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility. The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.	MDHHS contracts for the administration of the Medicaid dental benefit called Healthy Kids Dental in all 83 counties. The contractor administers the Medicaid dental benefit to all Medicaid beneficiaries under age 21 in the participating counties. The dental services provided through the contractors mimic the dental services provided through the Fee-For-Service Medicaid program. Medicaid beneficiaries have access to dentists through the contractors participating dental networks. Beneficiaries must see a dentist who participates with the Healthy Kids Dental contract.
