Notes: Program notes	On 1/8/21, a new iteration of Tennessee's Medicaid program referred to as "TennCare III" began. The preceding iteration of the program (referred to as "TennCare II") had been in place since 2002. While Tennessee intended to extend TennCare II, the state chose to restructure the TennCare demonstration, ending TennCare II on 1/7/21 instead of on 6/30/21 as originally intended.	A segment of Tennessee's PACE population qualifies for coverage solely by virtue of the TennCare III Demonstration (Tennessee's 1115 Medicaid demonstration waiver) and not via Tennessee's Medicaid State Plan. TennCare III has a demonstration-only population referred to as the "PACE Carryover Group", which consists of individuals who were enrolled in a PACE program as of June 30, 2012, but who upon redetermination no longer qualify for enrollment due solely to the state's modification of its nursing facility level of care criteria.
