MEDICAID DRUG REBATE PROGRAM Release No. 04

6325 Security Boulevard  
Baltimore, MD 21207

NOTE TO: All State Medicaid Directors

SUBJECT: Addition of Participating Drug  
Manufacturers to the Medicaid Drug Rebate  
Program Effective January 1, 1991

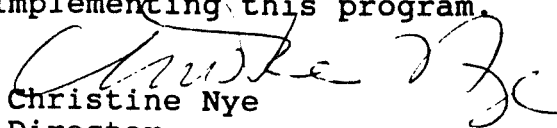

\* \* \* \* IMMEDIATE ATTENTION REQUIRED \* \* \* \*

On March 15, I notified you of drug manufacturers participating in the Medicaid drug rebate program effective January 1, 1991. Under the extenuating circumstance clause in section 1927(a)(3) of the Social Security Act, I have decided to add drug manufacturers that enter into rebate agreements with the Health Care Financing Administration by April 30, 1991 to the program retroactive to January 1, 1991. I have extended this deadline because of the limited amount of time manufacturers originally had to enter into rebate agreements. This extension will also help to assure that necessary drugs are continually available to all Medicaid recipients.

I am notifying these additional manufacturers that they have been added to the Medicaid program, but I am also informing them that there may be an administrative delay before their drugs are covered by the Medicaid program. However, if drug claims were denied because the manufacturer had not signed a rebate agreement, please reprocess those claims if the attached indicates the manufacturer has now done so.

The drug manufacturers identified on the attached list have entered into agreements with us to date and are to be added to the Medicaid drug rebate program effective January 1, 1991. I will notify you by mid-May of any other manufacturers that enter into agreements with us by April 30 and which of these manufacturers are to be added to the program as of January 1, 1991 and which as of July 1, 1991.

We made this decision recognizing that some of these drugs would have been covered by State-only funds anyway, so there are advantages in terms of potential savings to you. I apologize for the many administrative difficulties this will cause for you and your staff. Your concerns in this area weighed heavily in our decision to extend the deadline. However, after considerable discussion, it seemed most prudent to extend the date. My staff continue to be available to assist you in any way possible. Thank you for your continued efforts in implementing this program.
